To whom it may concern,

This letter is to confirm that the Rosewood SCM 7 speakers
Serial number 011 and 012 were built by ATC in England during
September this year.

They were a special order of Rosewood speakers made for Sound
Concepts, Hong Kong. These products are only available in selected
Markets. Normally they are only available in black or Cherry veneer.

The information on the speaker label refers to Acoustic Transducer
Company (ATC) which is our trading name. The company is actually
Called Loudspeaker Technology Ltd. This has been the case for
35 years. I am grateful to you for pointing out the typographical
error in the label (and and) This is an error on the part of our printers
And we will get this rectified.

I can personally guarantee that these speakers, and all our products
sold through Sound Concepts are genuine and made in England.
